Lectora®
INSPIRE

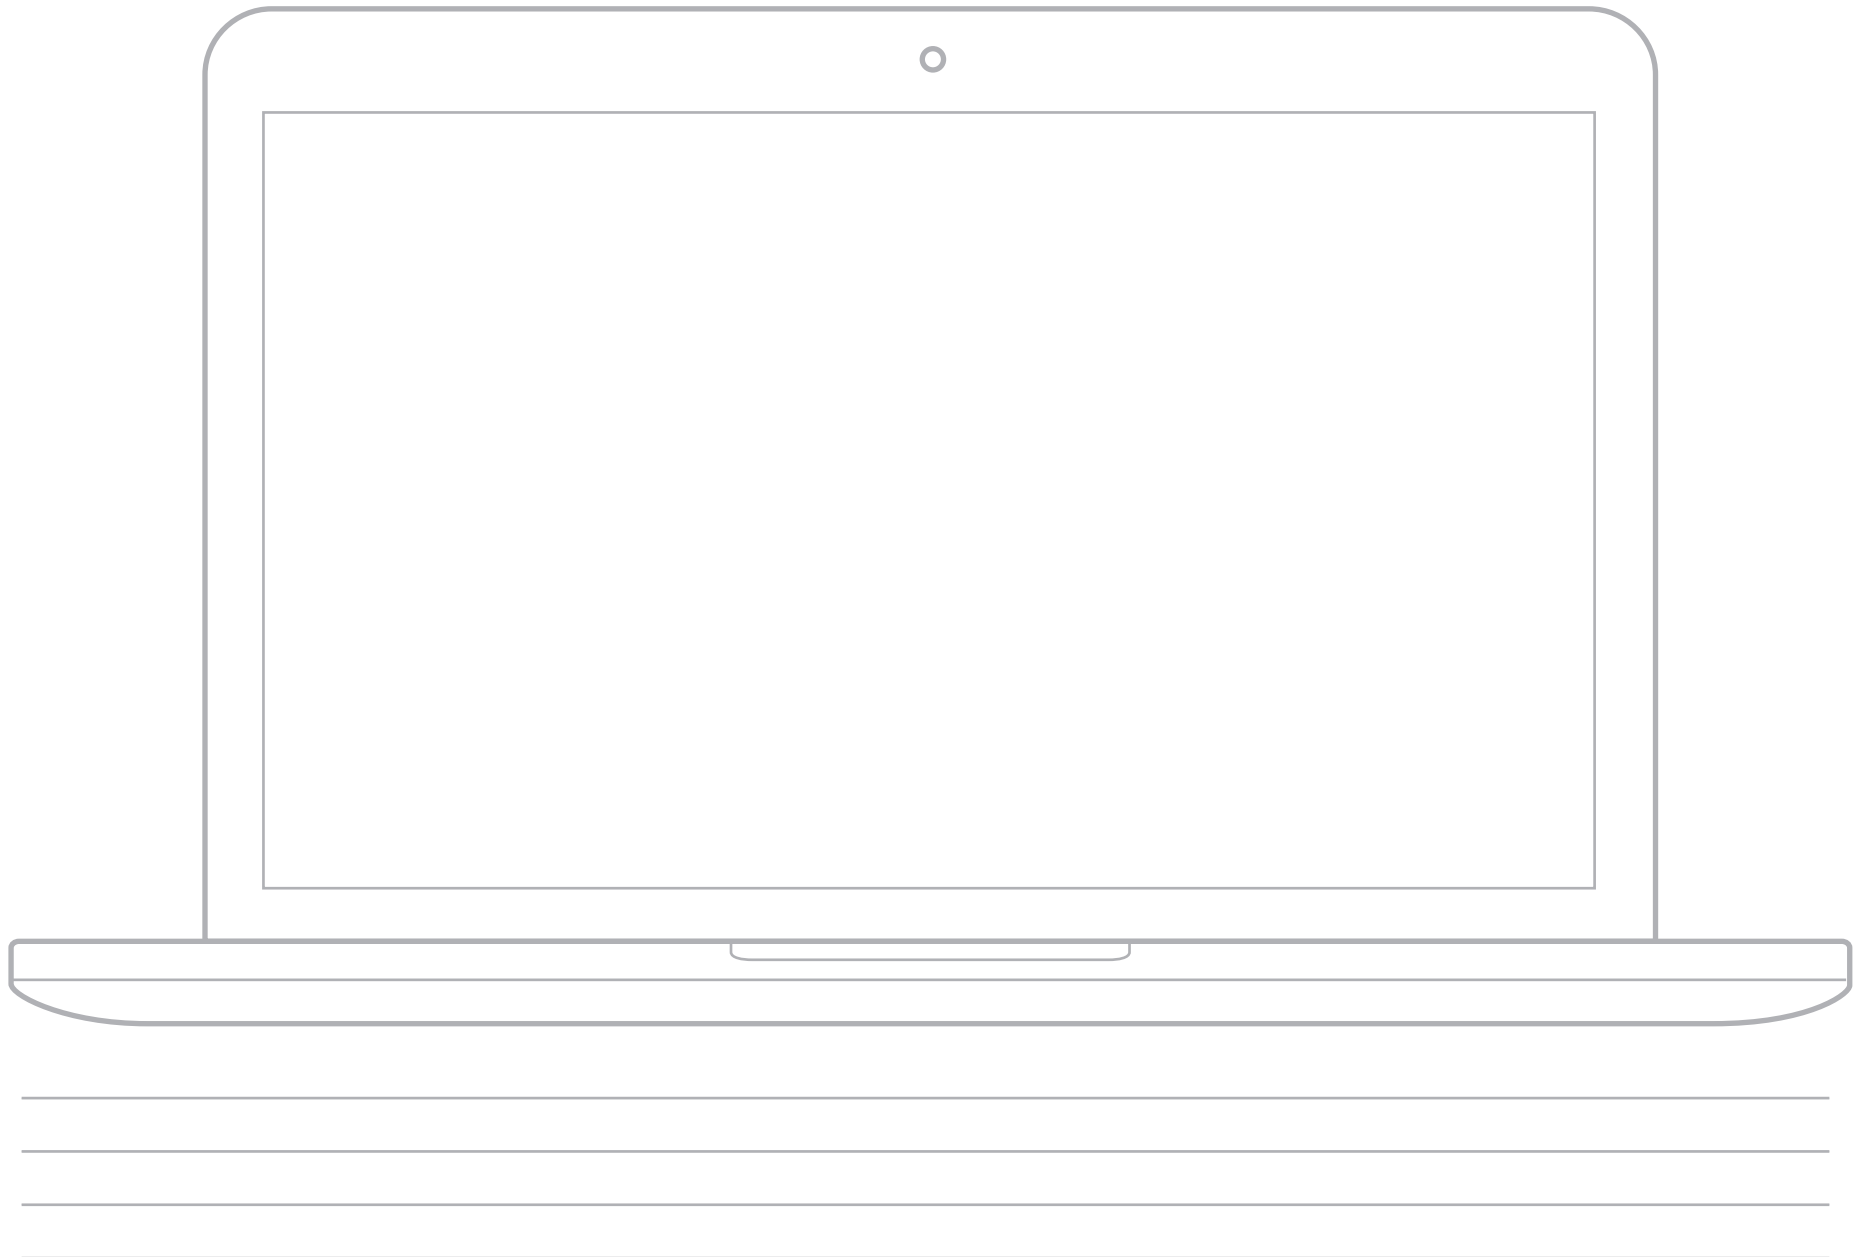

Introducing Responsive Course Design

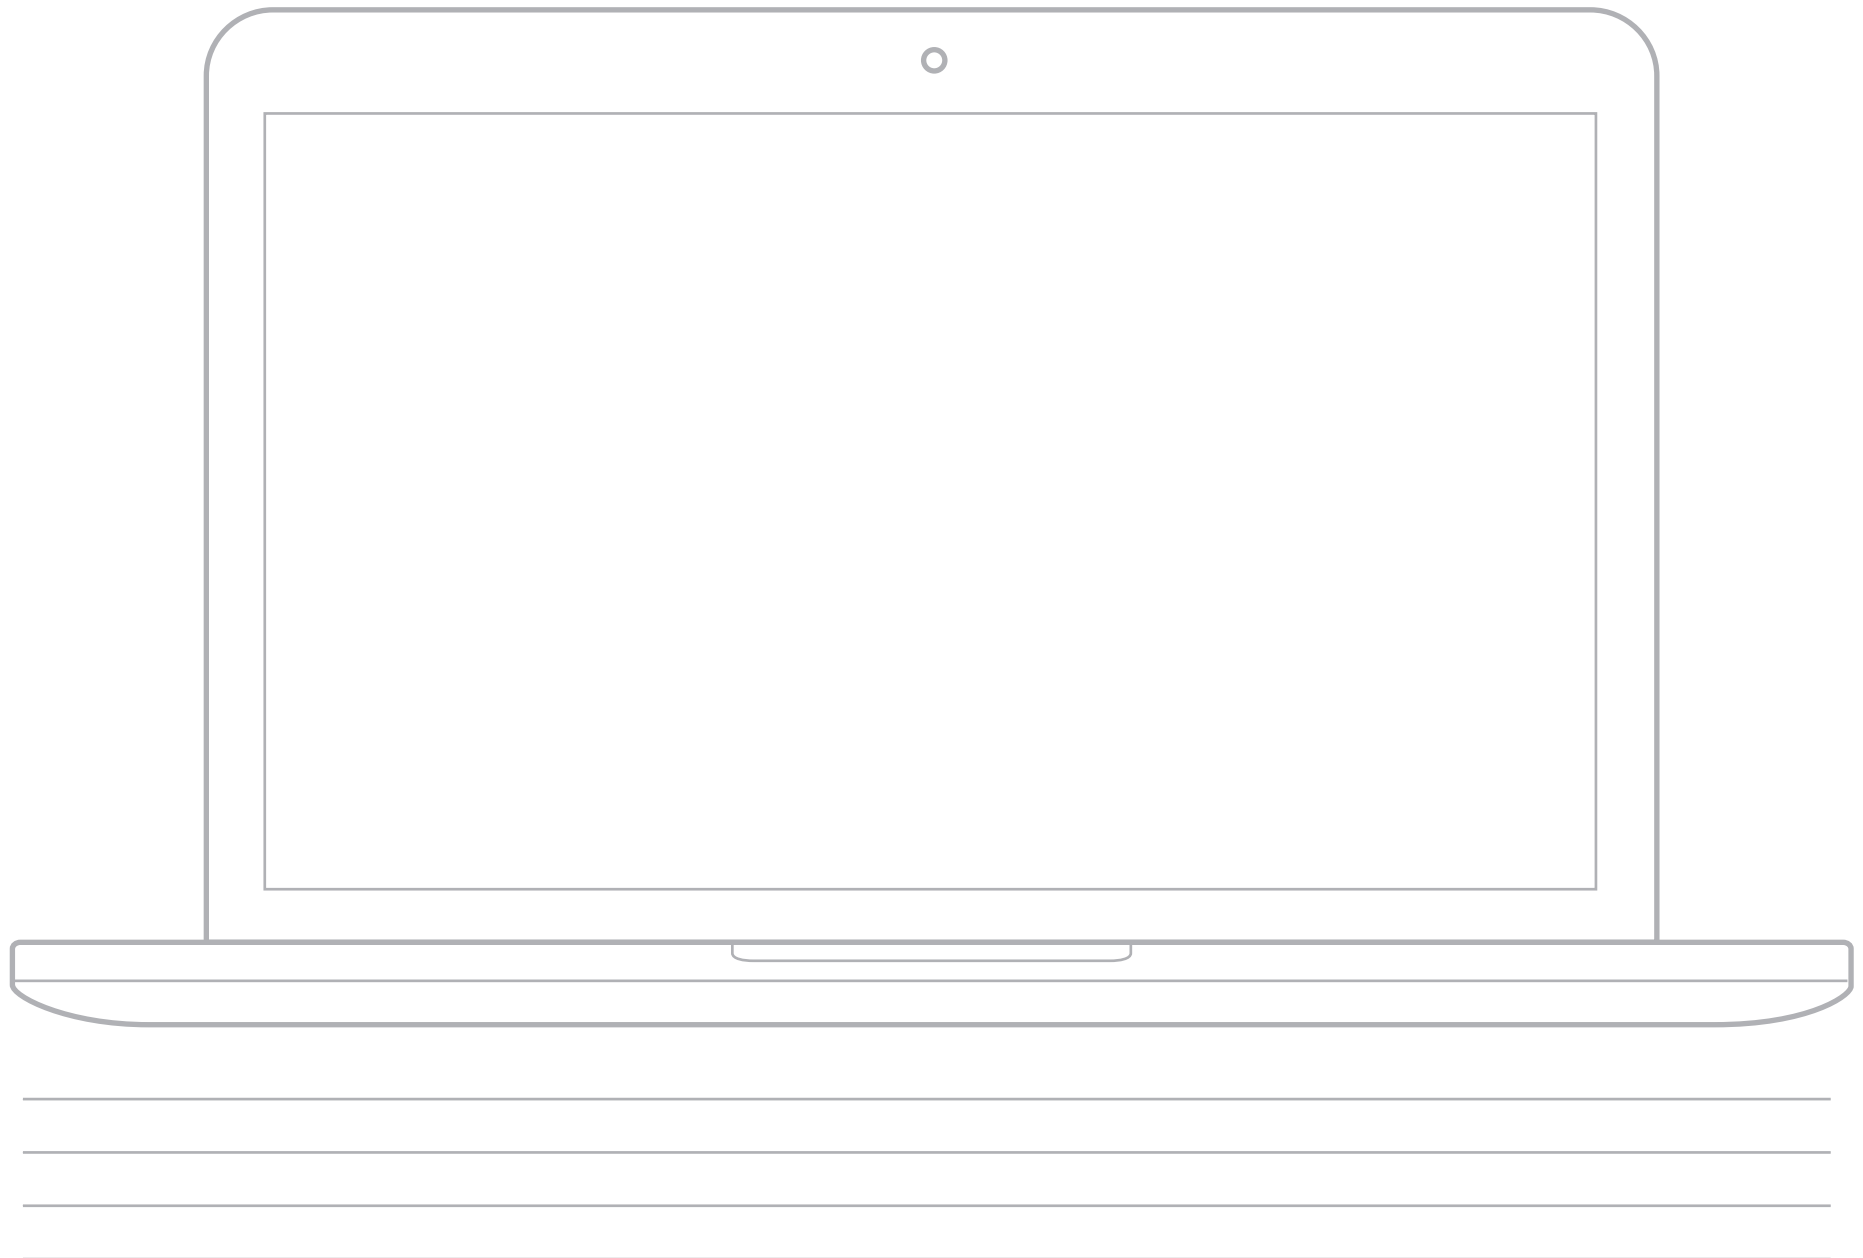

Responsive Course Design (RCD) is coming to Lectora®! You will be able to develop new titles—and modify existing ones—for the best viewing experience across all devices and orientations, including:

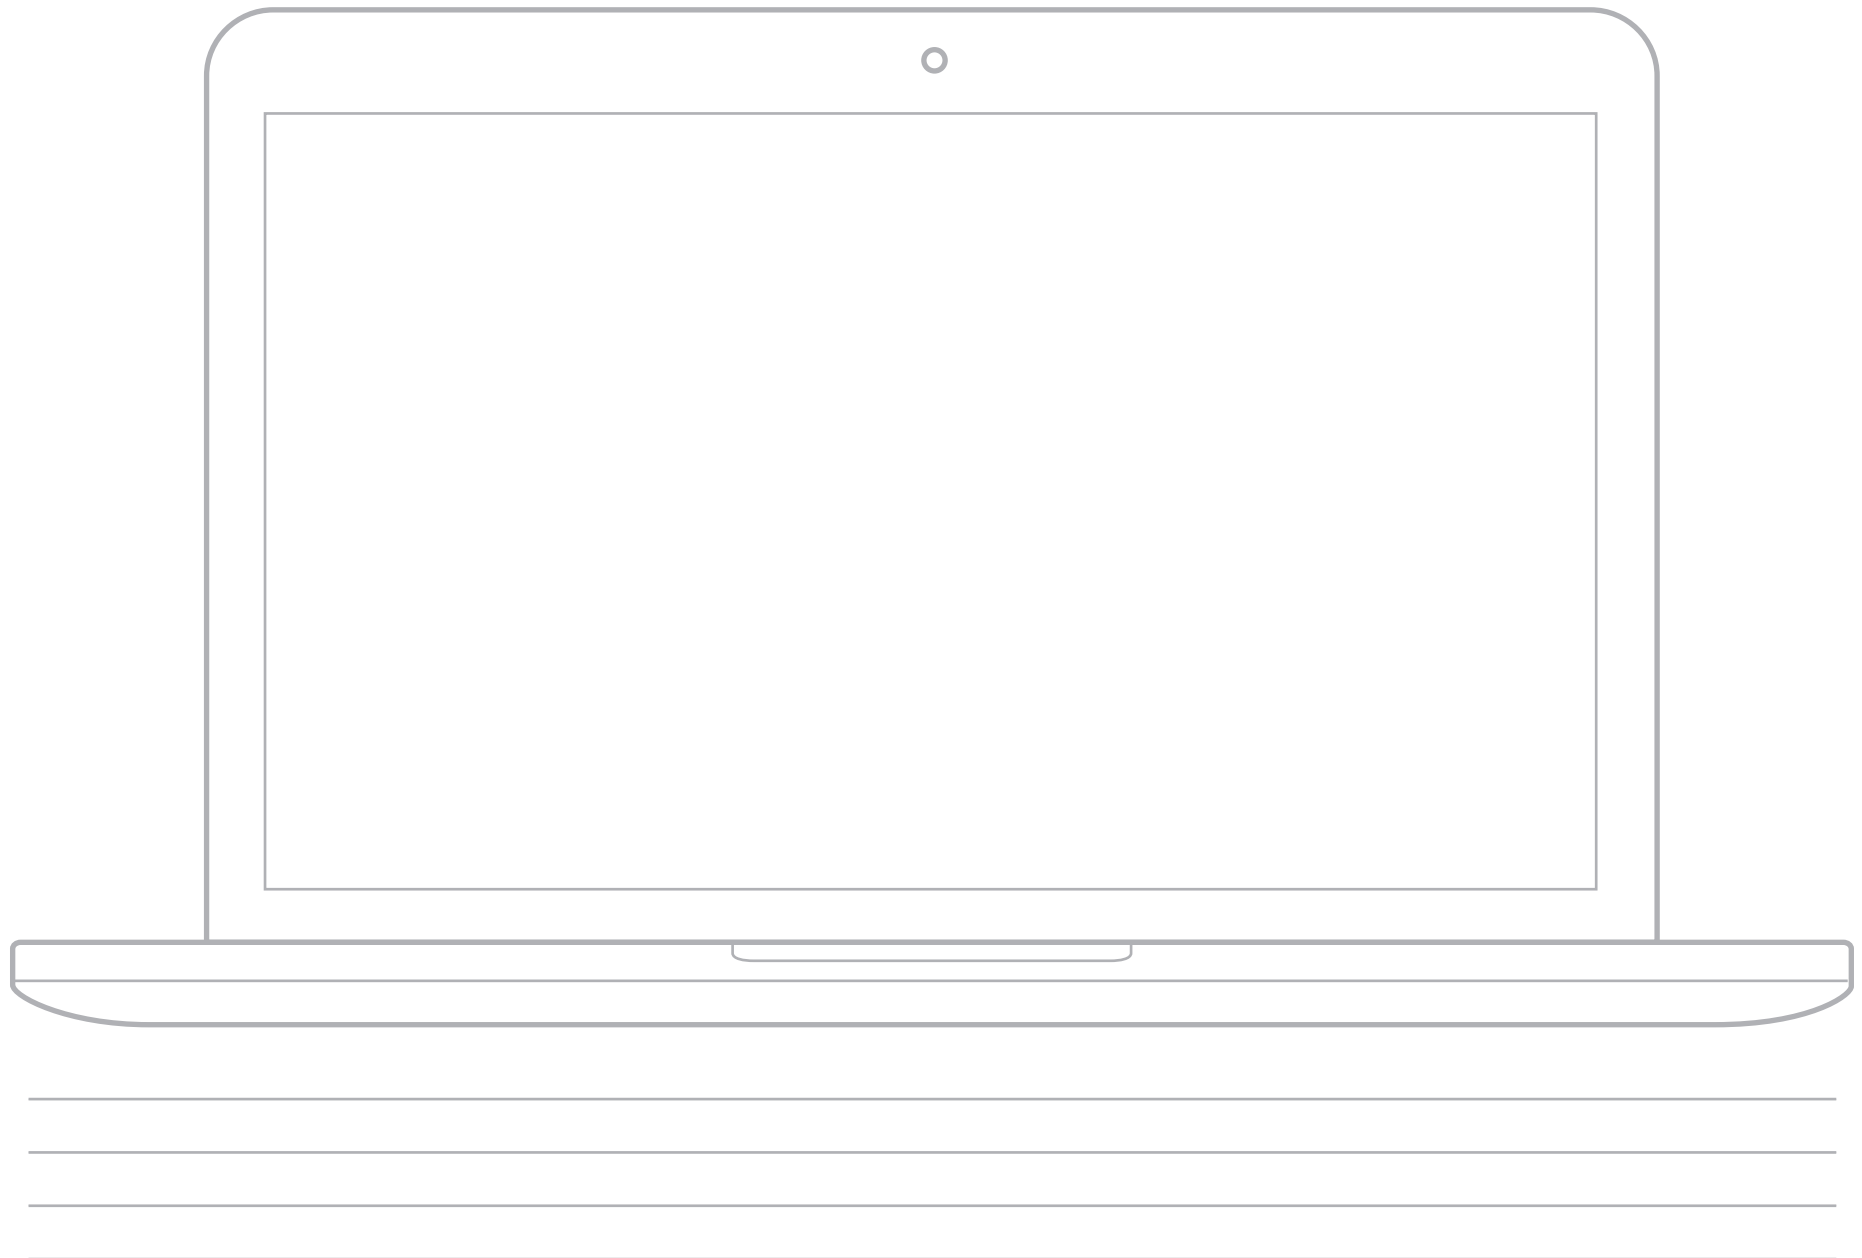

- Desktop monitors/laptops,
- Tablets (landscape or portrait), and
- Smartphones (landscape or portrait).

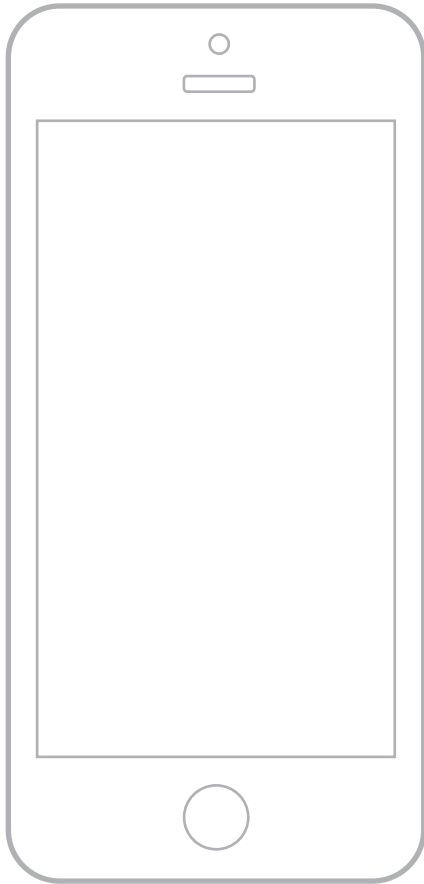

Build once and publish once with RCD. Use this sketchbook to get your creative juices flowing and plan out your future responsive courses. Then visit [Trivantis.com/Try](https://www.trivantis.com/try) to sign up to be the first to know about the next RCD Beta Test and get a free 45-day trial of Lectora® Inspire. That's an extra 15 days just for you!

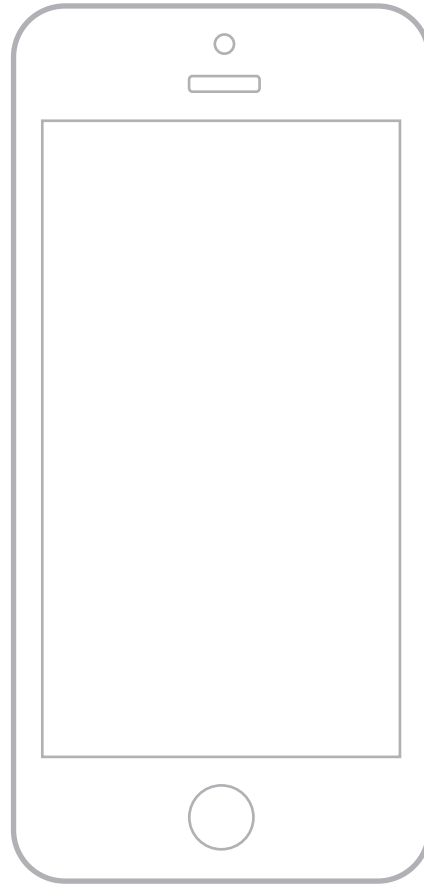

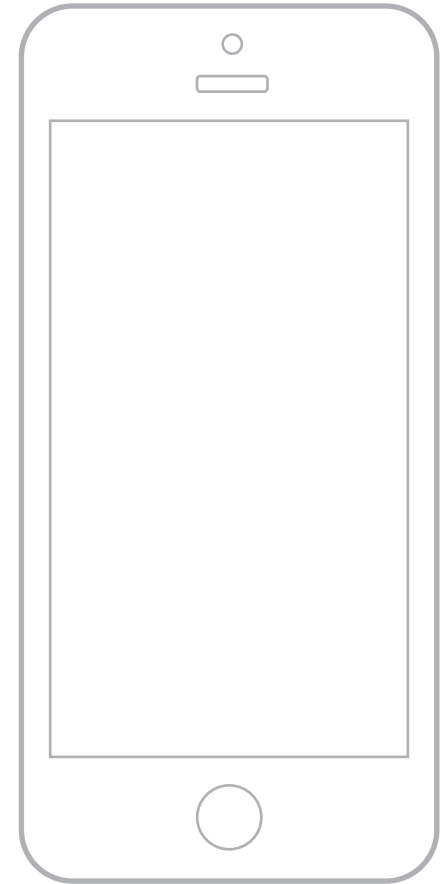

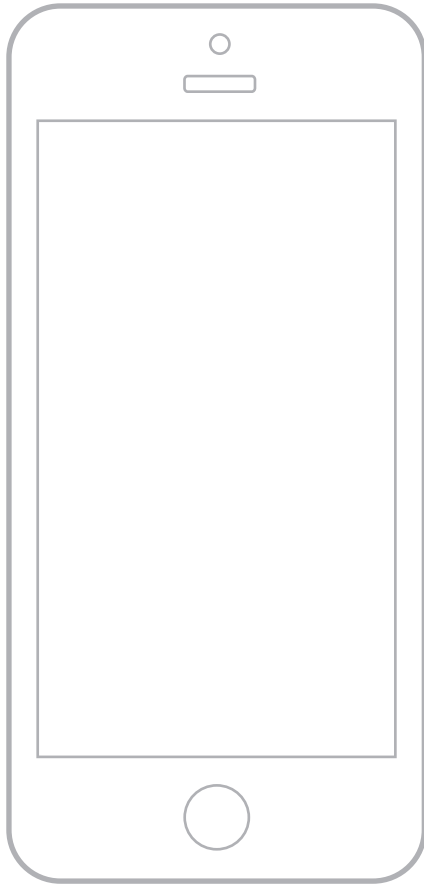

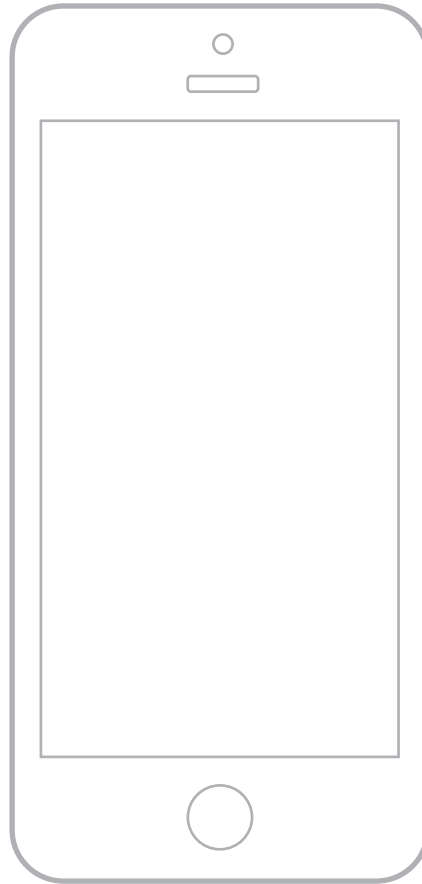

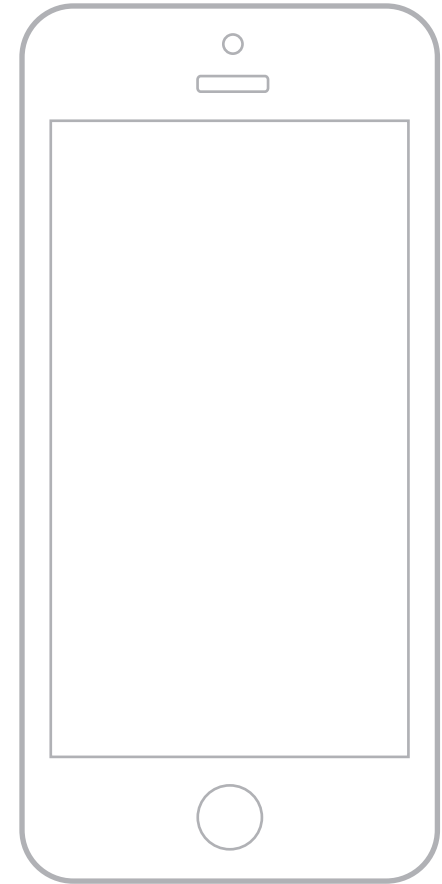

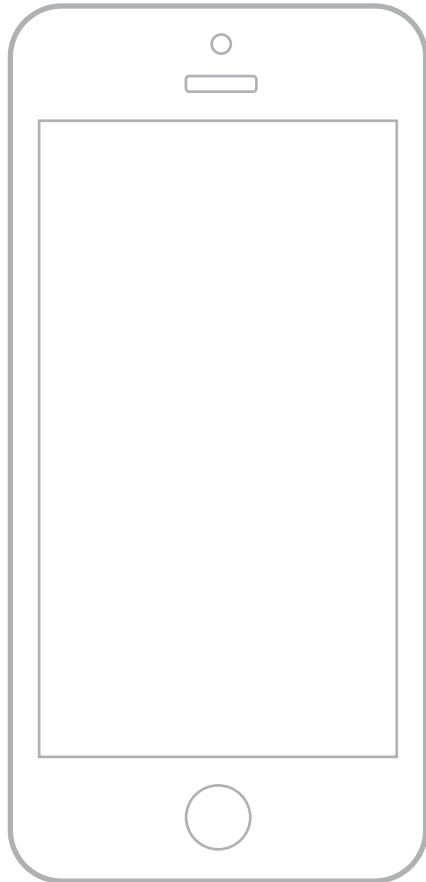

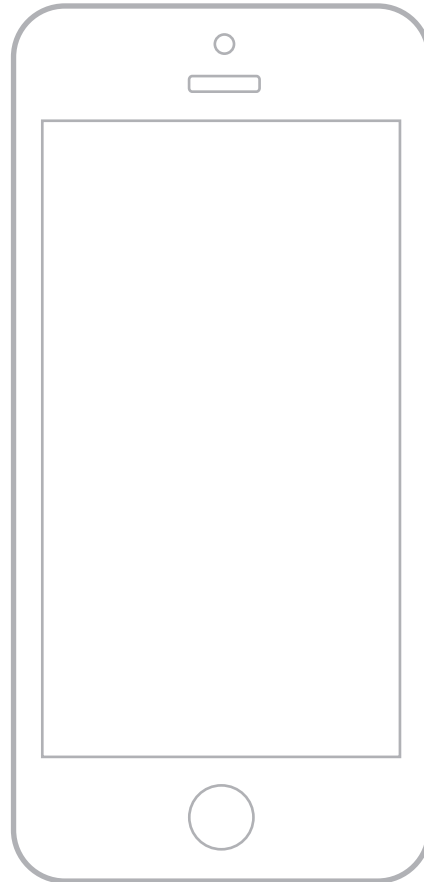

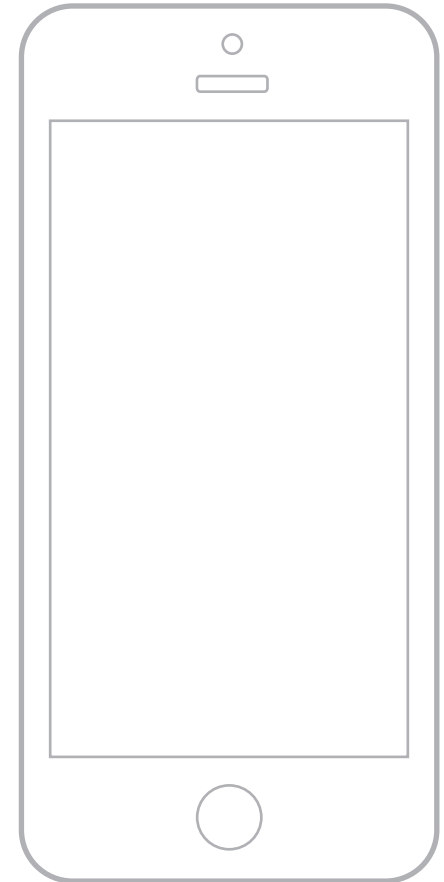

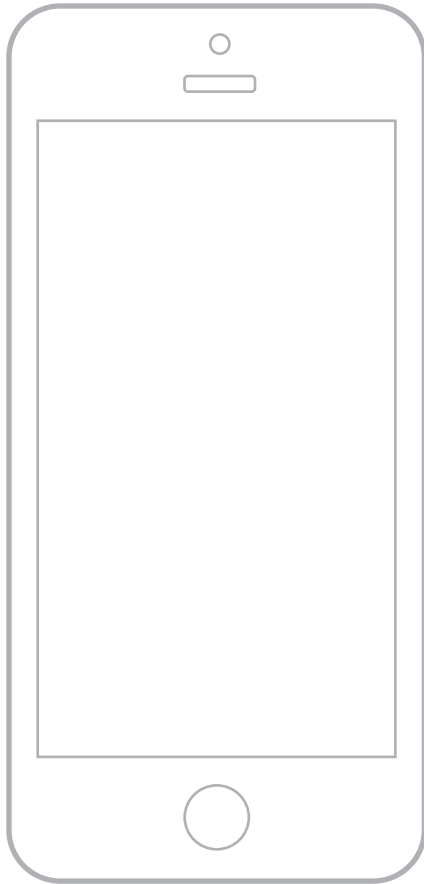

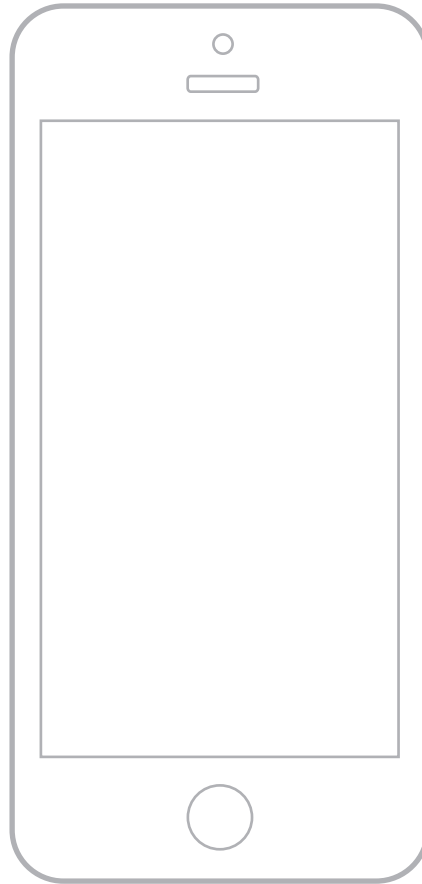

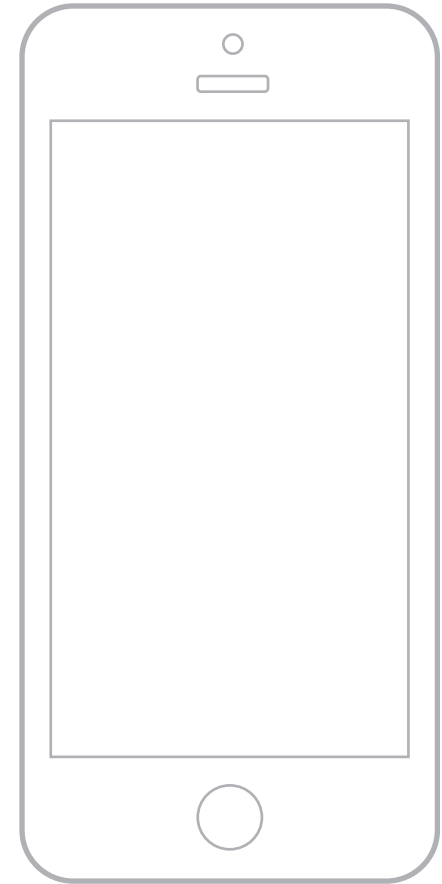

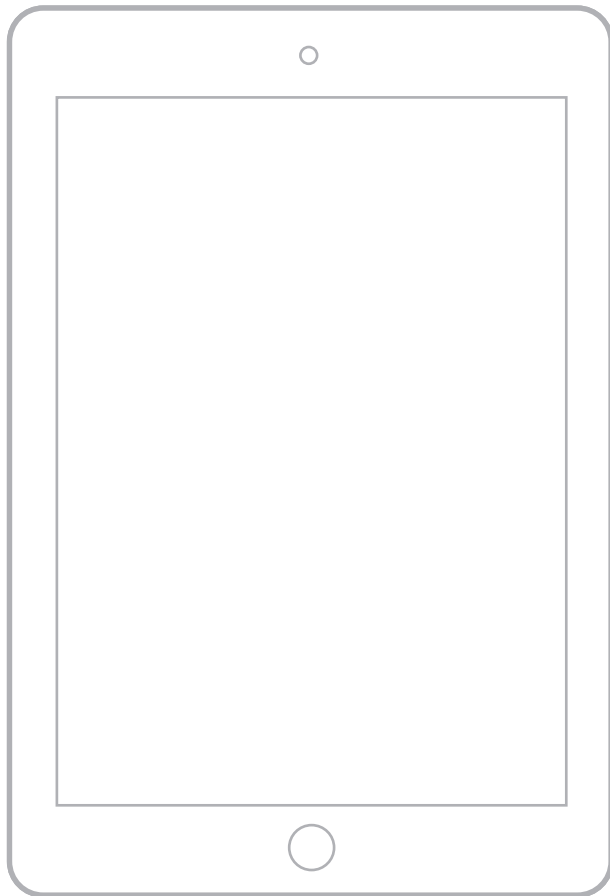

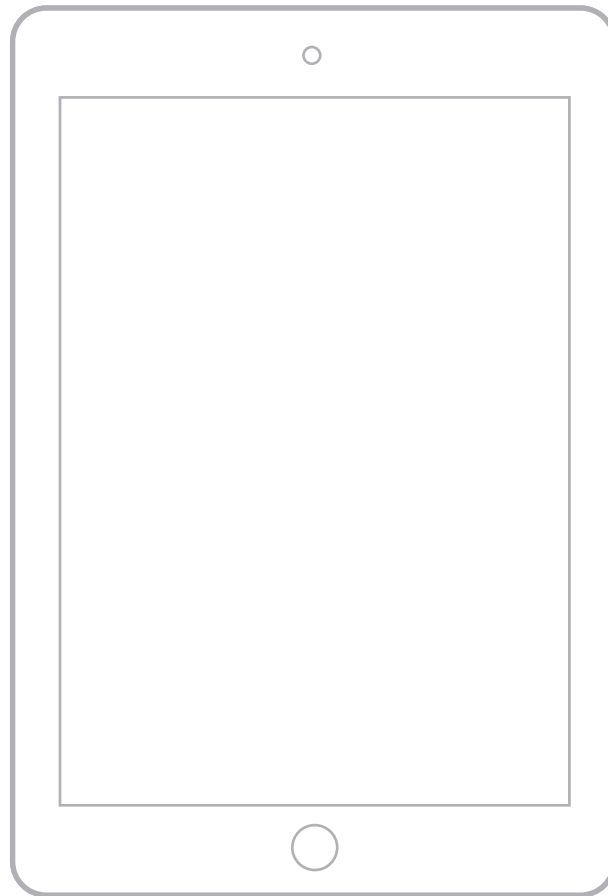

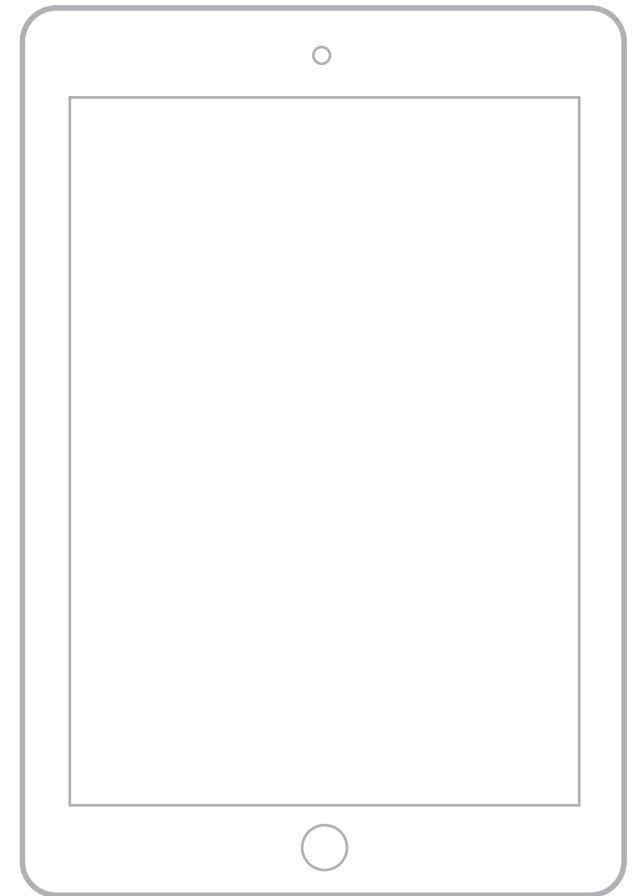

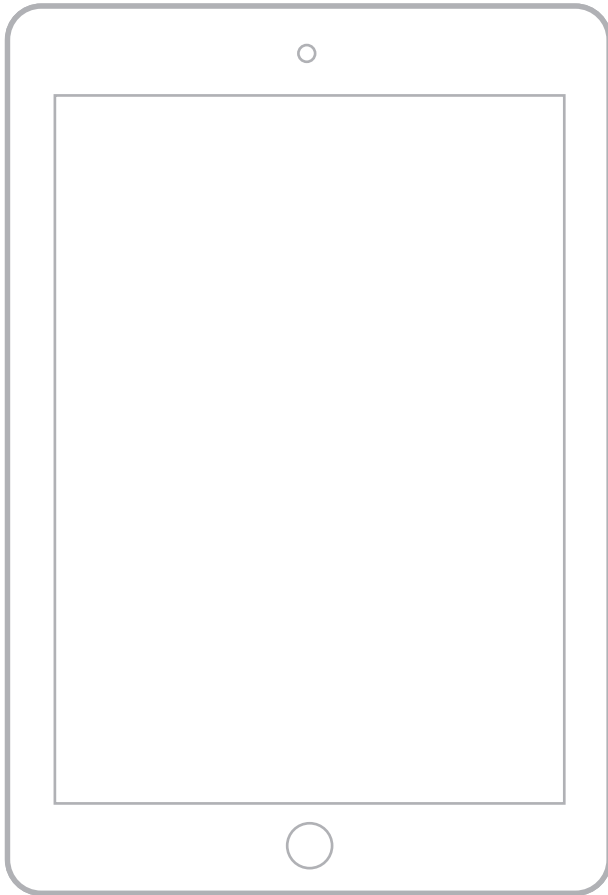

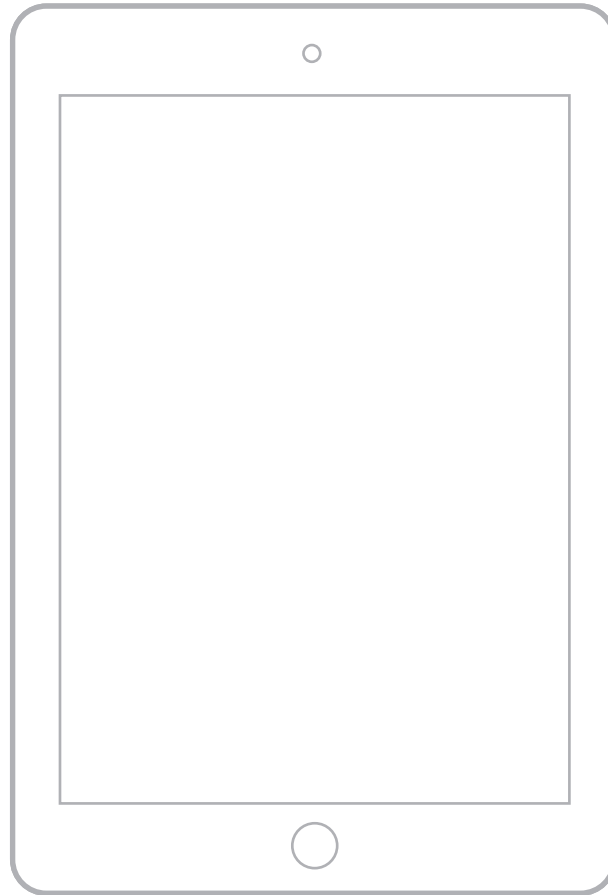

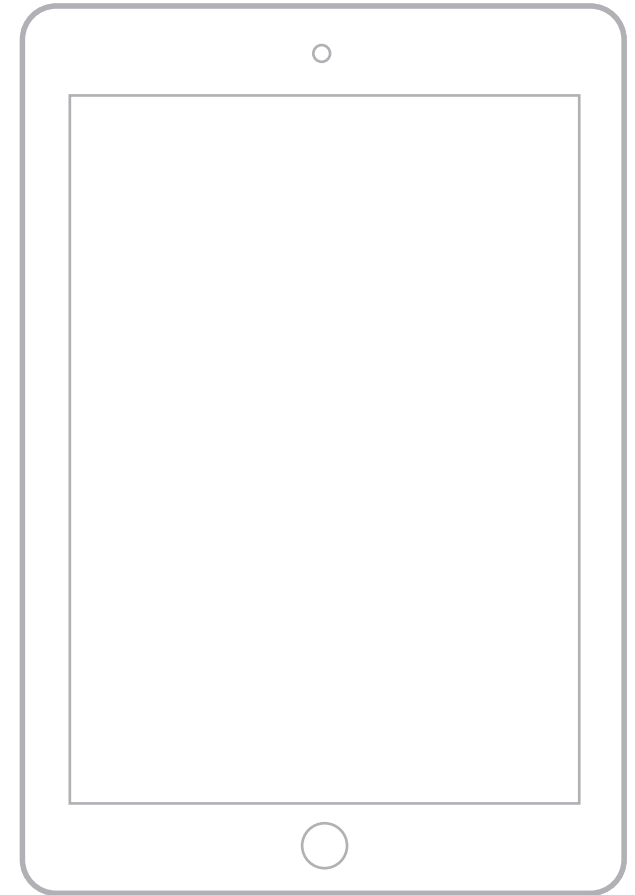

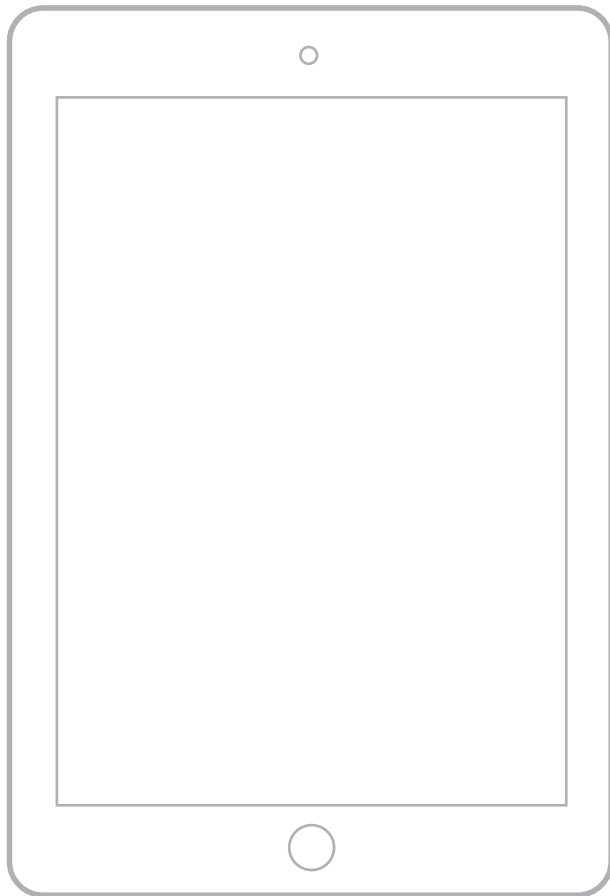

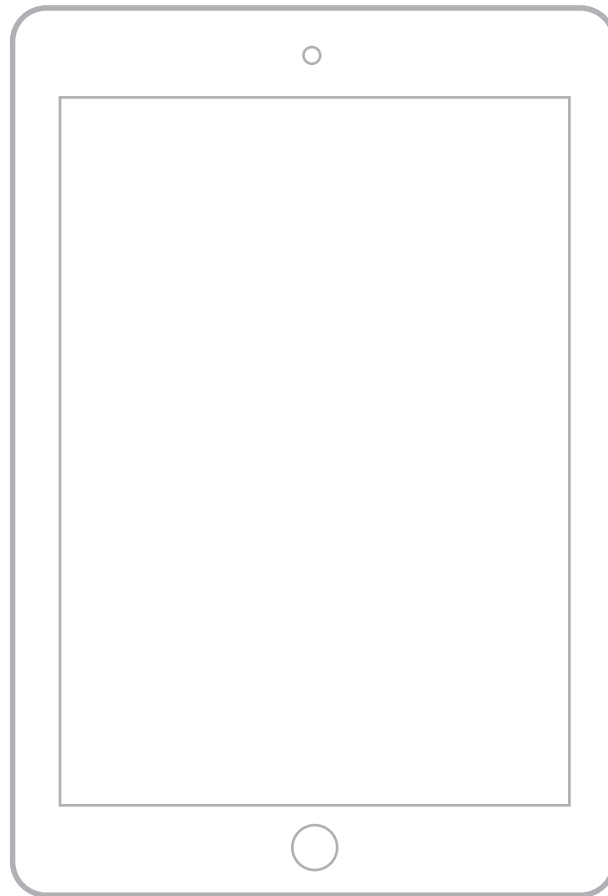

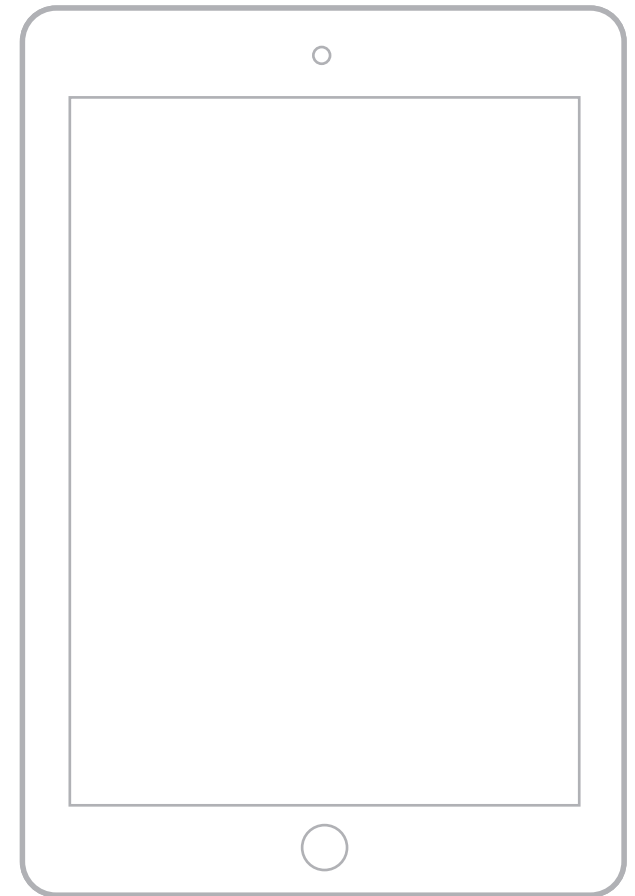

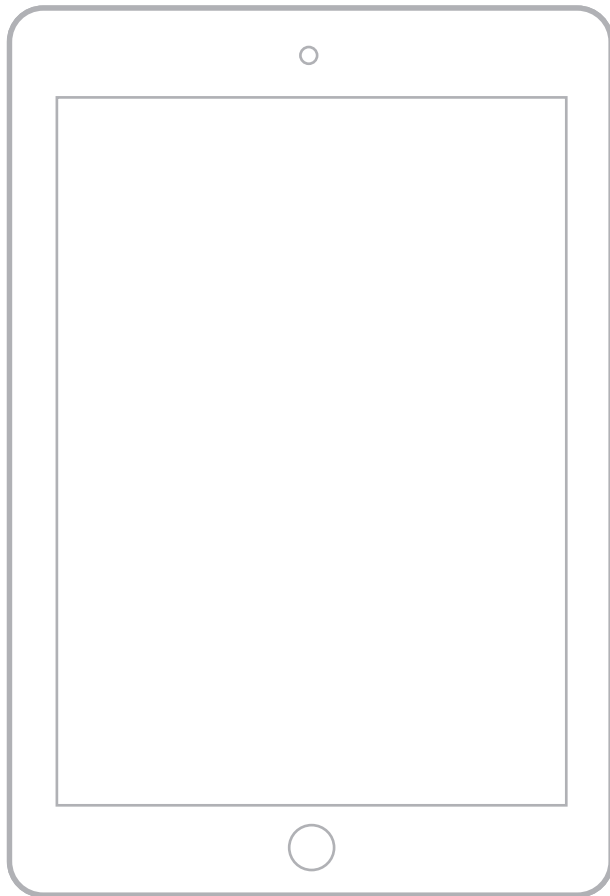

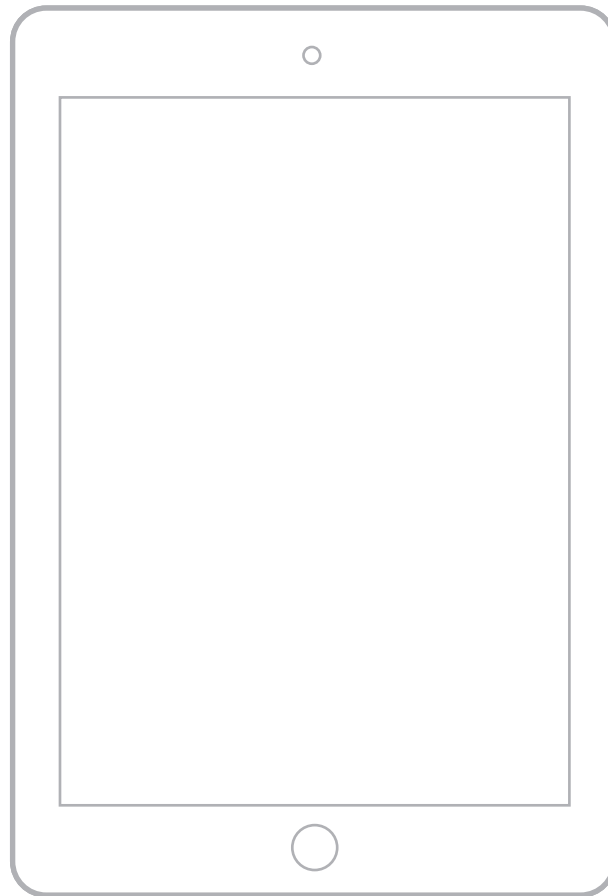

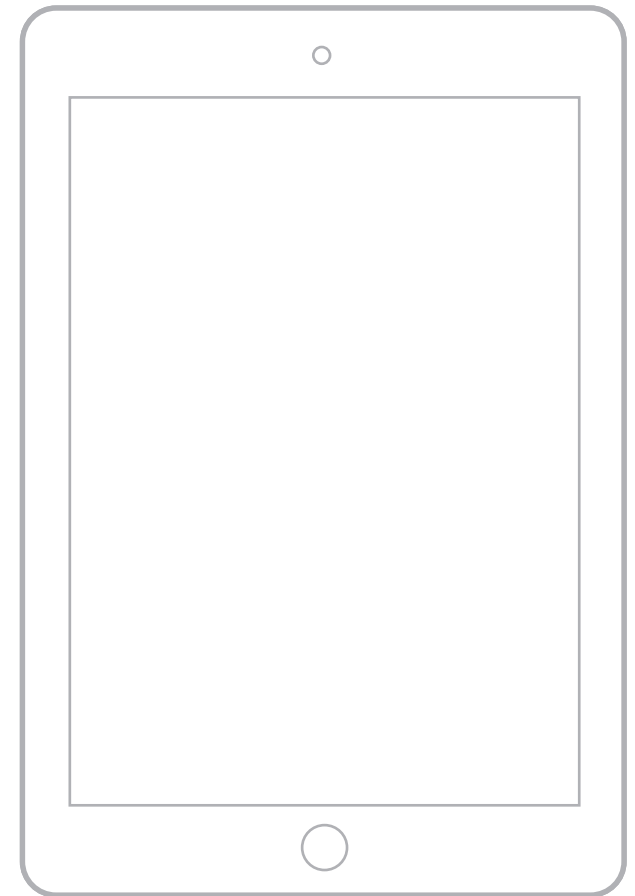

Share your sketches with us! Tweet them with **#RCDsketch** and we'll retweet the best!
